

This project is to comb through resources (publications, online archives, etc.) to find specific information in several aspects for each decade of each society.

The information is organized into two modules: Agency and Context.

In this module you will summary the major agency in the decade.

The agency refers to leaders, organizations, and events or movements, which is grouped into two types: Christian (or pro-Christian) and anti-Christian (competing) agencies.

List the full citation information in Bibliography at the end of this document; In the descriptions, only include the author's name, year of publication, and page numbers.

## Bibliography

### Guidelines:

Please insert new bibliography entries at the top of the “Your Entry” section in the following page. Order of entries does not matter.

Please follow the guideline to format your bibliography entries.

- a. Every citation in your answers above must have a corresponding bibliography entry, and every publication listed in the reference list must be mentioned in the text.
- b. In the reference list, we prefer the author/date style of bibliography. If possible, please include complete author names, the date of publication, and the full title of each entry.
